

REMARKS

Claims 38-42 and 45-74 are allowed.

In the Examiner's Supplemental Notice of Allowance, he/she states:

The information disclosure statement filed on September 20, 2004 fails to comply with 37 CFR 1.98(a)(3) because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information, of each patent listed that is not in the English language. It has been placed in the application file, but the information referred to therein has not been considered. Applicant fail to provide an English language version of foreign patent document JP 2000-115196.

Applicant respectfully points out that JP 2000-115196 corresponds to U.S. Liao, et al. Patent No. 6,717,915 B1 ('915), issued April 6, 2004. The Examiner has indicated, by initialing, that the '915 patent reference has been considered. Applicant failed to clearly indicate that JP 2000-115196 was the Japanese corresponding patent of U.S. Patent 6,717,915 on the PTO-1449 form.

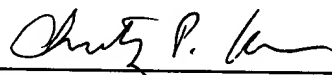

CONCLUSION

In view of the foregoing remarks, Applicant respectfully submits that the present application is still in condition for allowance. Applicant respectfully requests entrance of these remarks into the Patent and Trademark Office file.

Please charge any deficiency or credit any overpayment in the fees for this amendment to our Deposit Account No. 20-0090.

Respectfully submitted,
